## Overview of Presentations

- 26 Presentations
- 2 have been acquired by other companies – both at higher prices than the price at time of the presentation
- Largest “winner” may have been the stock that lost the most – was a presentation on when to sell
- 11 are trading higher now than when presented
- 12 are trading lower now than when presented
- Prior presentations and handouts posted on [rmchapter.org](http://rmchapter.org) – use the recordings tab

## Dashboard on Manifest Investing

<https://www.manifestinvesting.com/dashboards/public/VNC2XA3>

Stocks listed are prior presentations. None was a recommendation to buy or sell

All presentations were studies on small and mid sized companies, and some were studies in what to avoid

No attempt was made to diversify the selections by sector
